Chittaldroog District
Deputy Commissioner's Office
Dated 16th March 1892

From

The Deputy Commissioner
Chittaldroog District

To

The Excise Commissioner
in Mysore

Sir,

With reference to Government Pro-
ceedings Camp N^o. 323-33 dated 24th
September 91, I have the honor to submit
the report received from the Excise
Assistant Commissioner, Toddy Department,
with its enclosures regarding the in-
roduction of the new Toddy scheme in
Chittaldroog District

is of opinion that the consumption of
toddy is very much under estimated.

3. In para 9 of his report the
Excise Assistant Commissioner reviews
the existing system and gives the results
as follows:-

I

Particulars	Number of men concerned	Government Khist in- cluding cess	Profits	Costs excluding Khist	Total	sum available to Government as estimated by the	
						Valry	Excise Asst Commissioner
1	2	3	4	5	6	7	8
Government					148,856 4 u		
District Contractors	2	148,856 4 u	23,998	38 13 u u			
			8194	8664 8 9		55	351805 15

of the result of the new settlement
as follows:—

II

Particulars	No. of Houses	No. of shops	Amount	Local cess	Total
1	2	3	4	5	6
Government shops in Government villages	177	366	170,896	10,681	1,81,577
Jaggery ovens	48	—	47,88	2,994	5,087
Total	225	366	175,684	10,980	1,86,093
Government shops in Dum villages	4	4	1345	81	1,429
Grand Total	229	370	177,029	11,064	1,88,093
Amount available to Govern- ment as estimated by the Excise & St. Commissioner	—	—	—	—	37,180
Balance to be recovered in future years	—	—	—	—	1,83,712

- A
1. Amount of Govt. at today and jaggery ovens of year 1892-93. —
 2. Deduct what recd from the today Coats for 1891-92. — — — — Increase in favor of.

Side figure given of column 6 of Sta. No. II sh. — — — under

on the foregoing it will be

Rs.
175,684
140,100
— 35,584

seen that the new settlement gives a net increase (under shops and jaggery ovens) of Rupees 35,584 exclusive of cess and that the sum of

Rs. 183,712-10-0 is the balance of increased Revenue estimated

to be realized in future years. The amount secured for the Jagalur Talug for 1892-93 being in excess of last year's amount only by Rs. 800, Mr. McDonnell is making efforts to obtain fresh tenders so as to recover at least the amount which the Contractors get. The result will be known in a few days and a separate report will be submitted.

6. The above figures (A) do not include the sale proceeds of shops in Suam Villages.

7. The shops in Suam Villages have been separately sold. Disposal will not affect this settlement in any way. Suamdaras have any claim Revenue, they have been produced the authority & on receipt will be sub orders. In the meantime told that the toddy sett. effected will be confirmed that if they have any objection to urge against it so interests are concerned.

in no manner ways, and the matter
will be disposed of under condition
5 of the Contractors Agreement.
After that period the question will
not be re-opened during 1892-93. -

8. The Amildars of Molcalumuru
and Davangere have been directed to
submit proposals for forming date
groves in their respective Taluks through
the Excise Assistant Commissioner.
Pending the submission of detailed
proposals I beg that a sum of Rs. 500
may be placed at my disposal for the
purpose.

C. S. No 2

Executive Assistant Commissioner of
Loddy Department

Dated Bangalore 13th March 1892

To

The Deputy Commissioner, Chitaldrug District.

Sir

Adverting to para 8 of the Proceedings of Government Camp No 323-33 dated 24th September 1891, I have the honor to submit the following report on the settlement effected of the Loddy Revenue of the Chitaldrug District for the year 1892-93.

will follow

2. Statements marked A I to VII are enclosed giving full particulars in detail of the present "extent and condition of each farm and its money value" as required by Government.

will follow.

3. Other statements marked B I to VII, are also enclosed giving full particulars as to how the "new settlement" has been effected, with aggregate results for the whole of the farms of each Taluk, as required by Government. A list marked E showing lands received is also enclosed.

4. Two abstract statements marked C and D give the foregoing details arranged Talukwise Districtwise are enclosed for ready reference. In the following page I give a summarized report of all the returns for whole District.

Date Trees } 5. The District is reported to possess 32,75,840 date trees, the bulk of which lie in the Taluks of Chitaldrug, Holalkere, Hiriyur, Jagalur and Chellakere. There are extensive groves in Pan Davanperi, and some smaller groves scattered in Molcalmuru Taluk. The supply is inadequate in latter Taluk and some Loddy is therefore from Her Majesty's Territory. Most better.

was made that trees were being destroyed by non-
professional men being employed, and by the tapping
of immature trees. This was brought to the
Governor's notice and sketches of trees thus treated
to the inevitable result attending thereon, fully illustrated
the Diagrams prepared. The action taken by
the rope, basket men, others agriculturists and
others was also explained. Govt have since authorized
retention of the special staff till 31st March 1892
to enforce the rules as to the cutting of date leaves.
It is to do so practically as regards tapping im-
mature trees and prematurely retapping trees pre-
viously tapped necessitates the records in each
case being submitted to the Deputy Commissioner/
magistrate, and then the contractors alone can be
punished, not the real culprits. The new rules
will enforce the penalty against the servant
other guilty party who will be given a license
to tap trees or cut leaves and the new Executive
staff will enforce the rules, particularly on
this head. I have directed all those working
offering bounties to be prosecuted for ruthlessly
murdering the trees both mature and im-
mature of all their leaves. Personally asked
Amildar of Chellaberi to go and see
extent and devastation caused and then
severely punish those parties. He has just
reported he has fined one party Rs 50. The
law is quite clear. Only dried leaves must be removed
from mature trees for firing. To inflict so small
a fine in such wide spread and wanton destruction.

I
thereby

solicited the Deputy Commissioner to see for the file and point out to the Amil the error he has committed in being so lenient. It was also noticed that several trees were prematurely retapped and that the present tapping was carried up the stem of the deco leaf instead of being restricted to the foot the fourth leaf. This must naturally prejudice affect the trees and entail its destruction as Rules are being framed to put a stop to this.

Shops. } 6. The number is set down at 362 of which 42 are retained by the sub-shikmdar purposely kept vacant to prevent others taking up and thus affecting the sales of other shops vicinity.

Rates } 7. The following table fixes the rates the sale of Toddy.

In harbours of Salukos and villages —	Maximum per deer	Minimum per deer
}	— 1 —	—

It is of primary importance that the provisions by Government should be strictly adhere and the toddy staff has been directed to enforce the license Rules in this respect as it is feared that they are infringed, or where. This is prejudicial to the interests both Export and shopkeepers.

Consumption } 8. The consumption at 4, 46, 742 ghaddas valued at Large quantity of Toddy is sold in

in route to shops and at unauthorized places
 without license. The today at the Vanams
 also sold at abnormally low rates and in
 the majority of cases for grain and not for
 cash. Steps will be taken to stamp out these
 malpractices, but it will take time to radi-
 cate them

Financial Review of } g. The exclusive right
old system. ————— }
 of vending today for the whole District has
 been given to Messrs Chik Pappam &
 W. H. Smith for Rs 1,48,856-4-0 including cess.
 There are about 208 persons employed in 3 classes
 as the Distt. Contractor, his sub Contractors and
 shopkeepers. Full details of the receipts, costs
 and profits of each of the 3 classes are given
 in the seven statements enclosed marked (AI
 VII) and the following table gives briefly the
 amounts involved under each head. The
 amount available for the purposes of new scheme
 estimated at Rs 2,18,551-14-3 by the Talukhs.

Particulars	No of men employed	Cost Khist including Cess.	Net Profits	Costs	Total	Sum available for work as estimated by the Talukhs.	Sum avail- able as estimated by the Talukhs.
Contractors	2	148856 4	23998 8	3813	148856 4	2,18,551	14 3
Contractors	139	" "	68194 13	68194 39	136388 10		
Shopkeepers	67	" "	18355 42	18586 10	36942		
Total	208	148856 4	110547 13	9106 44	350,468 6	218551	14 3

10. In accordance with the orders.
 an special staff was entertained

to carefully investigate now the shops in each of the
stages advertised to above were farmed out to
whom and for what money value. These and other
details were recorded in the registers furnished
to each officer for this purpose embodied in the
returns enclosed and reviewed in the foregoing
pages. Forms of tenders with the conditions
prescribed for the several classes of farms
were circulated broadcast all over the District
through the village Taluk and Special Taluk
staff. The date of the arrival of the Excise
Apt Commr. and Special Revenue
officer at each Taluk Head Quarters for the
disposal of tenders was similarly notified. So far
every endeavour was made to give full effect to
the intentions and orders of Government. But it
was brought to notice that the middlemen and
the Contractors themselves through their agents
were at work to frustrate the object aim
at by Government, i.e. to get rid of the whole
lot bodily. It was thus a case of life and death
to them. The Amildars were therefore special
informed of this move and directed inspect
of the tenders received to collect every shop-keeper
the Edigas or others directly interested and
truly working in the Taluk line or willing
to do so to come on the date fixed to them
as it was feared the tenders would prove of
doubtful value as they eventually did. As
directed that "the amounts which the present
farmers pay the Contractor or his shikm
sub-shikm are as the case maybe re-
garded as the figures below which the

8/10/1902

must not be let. The tenders were at the outset
therefore kept on one side unopened. The new
system was explained to the tenderers and the
bazaar, and the number of shops and the Va-
nams attached to each farm were read out
to all and the wishes of those present as to the
allocations made, ascertained, their doubts
settled, and they were asked to state what
they valued each farm at. These first bids were
noted and the highest recorded. (Vide statements
BI to VII). The tenders were then opened and
the values as far as possible compared with the first
bids and the amounts recorded. The sales were then
run off, and those tenders found favourable were put
up to competition. The next highest bids for in-
dividual or groups of farms were then noted. The
result of the sales and tenders in the Chellakere
Taluk were not satisfactory. There were no bids
for several shops the sum obtained was only
Rs. 28,743-00-00 out of an estimate of Rs 35,896-8-0.
The matter had to be reported to the Deputy
Commissioner and the Amildar directed
to collect all the parties interested in the exist-
ing shops and others desirous of taking up odd
shops so that healthy competition might be
secured. The farms were resold on the 8th February
and resulted in Government getting Rs 30,399-00-00.
This sum did not include 7 shops which now yielded the
attraction Rs 2,760-00-00. After much pressure the
Amildar obtained secured tenders for Rupees
13-00-00. This has raised the settlement to
Rs 83-11-00 including cess. On the
Hingur.

Kiriyur Saluk the results also were the action
as only Rs 20,192 was obtained out of an estimate
of Rs 26,370. There were no bidders for some far
those who did bid were influenced not to go as
high as what they gave. The matter was reported
to the Deputy Commissioner but as the 2nd
Commissioners could not go back a second time
as at Chellakere to sell the farms again the
Amildar was directed to get fresh tenders
and report results. It was clear that the Govt
Amin of the Saluk was the prime mover in
this matter. This was actually the case soon
arrival at Chitaldung next day he tendered
Rs 24000. This tender was referred to the Amildar
for full enquiry and report. In the meantime
the present Contractor's Amin was privately
engaged by me and sent to the Saluk as
a new Amin appointed. The result has been
that the Amildar has secured tenders follow-
ing including cess, which is very nearly the min
amount estimated by this Department for
this Saluk.

At Jagalur Government has obtained only
Rs 800 and odd more than the present price
since does not admit of this Saluk also be-
worked up as Kiriyur and Chellakere have been
therefore forced to accept the amount
obtained. But I have sent the same agent
to Jagalur and if he succeeds in matter
changing the aspect of affairs a far
for that Saluk will be sent for orders
statements & (B.I to VII) &

results in detail for each farm Salukwar and at marked District Salukwar District and District thereof. In the following paras. I briefly review the results scores for the New Scheme.

The area of the District being put down at 994 square miles of land at cost Rs. 13,984 would, the Consumption at 4,46,742 phead does or 6,70,452 Imperial gallons valued at Rs. 44,936, the number of shops at 362, this would give one Saddy shop for every 11.04 square miles with a consumption of 6.4 gallons valued Rs. 13-4 per head annually.

Description of Farms. The following table is a numerical and classified list of farms with the number of shops attached thereto for whole District.

Description of Farms	Number of Farms	Number of Shops	Remarks.
Aiyar Farms	152	324	
Aiyar Humki	"	"	
Angadi	25	42	
Baran (Jaggory wans)	48	"	
Total	225	366	
Small Shops in Small Villages	4	4	
Small Groves	"	"	
	229	370	

Official Results of the 13. The first bids were received.

the value of the farms at Rs. 1,50,176-
lease or settlement, appraised to
674 15-2x including ... The tenders
could

could only be approximately computed as (1) the best or greater number of vanams than were actually required were inserted in the bids to keep others out or for other causes, (2) the classification prescribed by the Saluk authority was not followed but the best shops in different farms were included or one here and there just to confuse the authorities and preclude or hamper the settlement, (3) one and all the tenders showed that the middlemen and the agents had the drawing up of the same to suit their own interests. The second bids brought out a sum of Rs 1,66,674-15- and at the resale or settlement were raised to Rs 1,68,33 excluding cess. The result of the final bid and settlement are briefly noted in the following table, from which it will be seen that Govt realized Rs 1,75,604- against Rs 1,40,100 or net increase of Rupees 34,504-

Particulars	No of Farms	No of Shops	Amount	Local Cess	Total

Present Revenue with the Revenue gives the Toddy } Intrusted } 14. The Govt
 at 14 years. } the numerous 14

business and a person at the Salt Office
were thrust in to give effect to the new scheme.
They had no practical knowledge of the business
and were quite ignorant of all the tricks the
shopkeepers & dealers and others were up to. But
above all they had no influence over the men
or the means of readily acquiring the informa-
tion sought by Government for the new scheme,
and keeping the Amildars informed of all that
was going on - antagonistic to its interest and
putting them in the way of overcoming the
same. In such cases where the Contractors
men were put in, the Amildars trusted implicitly
to and were led by them. Most of the Amildars
did not take any steps to verify and satisfy
themselves of what was necessarily
required to successfully carry out the new
scheme. Had it not been for the exceptional
action taken as indicated in para 12 of this
report the results would have been disas-
trous. As it was the thanks of Govt are due to
the patience and unremitting trouble and time
Mr. Gopalair for it took to explain the
whole scheme to the very few persons whom
the new agency and the Salt officials collected
to bid for the farms, and to the persuasion
in fact he displayed in inducing the
- to throw over their own ideas and take
up themselves. As the Salt Office the

utter failure. In two cases ~~matrices~~ have been
rectified. In the third failure the final result
will have to be awaited. In almost every case
the men in the Loday trade whom I specially
asked ~~that~~ have been got to appear were none
In several cases the success of the results
scores was due to the presence of outsiders
and not at all to local competition which
in most cases was entirely absent. It was
thus be seen that so far as the Salak village,
and Salak special agency employed, the financial
results scores was not due to the
tensions they secured but to the efforts made
at the time of the sale to get the best sum
possible for Government in the face of the obstacles
to be surmounted. In many Salaks a host
of persons were assembled, but if they were in-
terested they did not make any active effort
to practically show this, but evidently put
forward their claims through the middlemen
This stifled competition. It will take much
time, trouble and patience to get the Loday
to act for themselves, and become govern-
ment Loday ryots instead of servants of men
who are cheating them right and left.
This will depend on who are the men put
in the L. Department and
Amulda . . . to act to a

the proper Recognition today.

17 Government have recently sanctioned the retention of the Staff needed by me till the 31st March 1892. I have directed the Amildars to select local men in preference to those residing elsewhere as Vansubhadrar. This is in accordance with the orders of Government and will save expense. It will also enable such men to discharge their duties with more satisfaction than if their residence were at the Taluk Kusta or away from the spot of their work, as is the case with the majority of the appointments now made by the Amildars. I had to appoint a new Amin for Chellakere, selected from the Arrack branch and another from the Contractor's staff for Hiriyur. I am not able to get one yet for Jafalpur. I have told the Amildar to appoint one at once. The Amildar did not appoint an Amin at all for this Taluk which is one reason why he failed so lamentably.

Security } 18. This was a difficult matter to deal with. The two Assistant

Missionaries waited on Sewant Bahadur

on all the above matters. Orders

have since been issued modifying the
of Proceedings No. 11200-91 dated 15th
January 1892. I regret that I could not
therefore reply to your references on the
head as without the modifications of the
orders passed to realize "three months' Ca.
deposits". My hands were tied and I could
not act without jeopardizing Government
interests. Very seriously.

Plantations } 19. In conclusion I
solicit that a sum of Rs 500-/- may
be placed at my disposal to start
plantations in Molakalmuru and parts
of Davangere and that the Amildars be
kindly directed to aid me in acquiring
groves and lands around such groves
in suitable localities especially in
vicinity of large towns and in the centers
of groups of shops to extend or start
new plantations. Separate reports for
each Taluk will be sent in and an estimate
of the money needed for this purpose
by the end of May and if funds are forthcoming before
the next monsoon I shall be able to
begin the required work which I have
given direct orders to collect within
the month. The money so spent will

out per cent in from 8 to 10 years hence
of enhancement of Laddo Revenue. But
above all it will be the means of giving
people, good, pure and fresh Laddo to
drink in lieu of the vile and intoxicating
stuff now vendd.

20. I solicit that this Report and the
returns may be kindly sent on to Govern-
ment for early orders being passed,
so that the farmers may be enabled
to take timely action in the matter.
The Dewan Bahadur has personally de-
sired that the Report may be sub-
mitted to him forthwith and I entreat
that this may be kindly done. The delay
is due to my being constantly in
camp and on the move, and to work
in camp and road keeping me at
work day and night and leaving me
not scant time to compile and check
the returns, draft, and send in this
report. The delay is therefore unavoidable.

21. A list marked F showing particulars of + will
be submitted to the Government for reference.

the honor to be
Sir

obedient servant

SECTION	C D
FILE NO.	5 of 91 10 of 82
SERIAL NO.	2 of 63

The Excise Assistant Commissioner
in Mysore.

Taddy Department.

The Chief Secretary
to the Government of Mysore.

Sir,

I have the honour to solicit you will kindly obtain the sanction of the Deewan Bahadur to the settlement of the Taddy Revenue effected by Mr. Copat Syengar for the French Roatta Sub Division, at an early date, to enable the farmers to make arrangements for the year 1892-93. The usual reports for the Sub Division and District will be sent through the Sub Division Officer and Deputy Commissioner respectively, when the settlement for the whole District has been completely effected. In the meantime a brief summary of the result has been communicated to them for transmission through the Excise Commissioner to Government. The submission of these detailed reports will entail delay which cannot be spared at present.

* Note - I was employed in other special duty with the Resident & Deewan Bahadur I am also ill. Absence approved by Govt. 4.07.

Old System } 2. The old system may be briefly summarized as follows: —

Particulars	Government District	Costs	Profits	Amount available as per Dargah's statement	Amount received as per Govt. Hft. Com. calculation
District Contractor	86,484 9 4	11,044 9 8	9,486 1 "	86,484 9 4	11,044 9 8
Taluk Contractor	" " "	13,284 26	20,985 12 9	11,044 9 8	9,486 1 "
Sub. Contractor	" " "	8822 58	10,668 9 9		
Shop-keepers	" " "	1954 9 "	2975 26		
		24064 12	34629 8 10	17,314 12 5	
Total				124,330 2 5	2,324 38 2
Profits of Shop-keepers			17,314 - 12 - 5		
Contr. do - -			24064 - 1 - 2		
Grand Total				165,708 14 "	2,324 38 2

Note. The sales of 214,688 1/2 gadas of taddy realized is Rs 165,708-14-4.

consumption } 3. The new system is briefly reviewed in the following pages

area and consumption } 4. The Sub Division has an area of 1,792 square miles with a population of 4,31,439 souls. It has 290 shops in which 2,18,688 1/2 gallons of toddy equivalent to 13,12,121 gallons valued at Rs. 1,65,708-14-2. This will give one shop to 6.1 square miles and 3.04 gallons valued at Rs. 2-2-1 per head of the population.

Date Trees } 5. The number of date trees is estimated at 18,99,498

Classification of farms } 6. The farms were classified and sold as noted below: -

Kinds of Farm	No. of Farms	No. of Shops	Remarks
A. Kigari Farms	115	232	
C. Kigari Farms	51	55	
D. Vanam Farms	3 1/2	"	* Vanams sold to meet the demands of 2 shops in Inam villages in Aththuppara Sub at the special request of the bidder.
Total	169	287	
E. Inam Shops	25	25	
F. Inam Groves	15	"

Soddy Department

To

The Chief Secretary

to the Government of Mysore.

Sir,

As promised in this office letter

No: 207 dated 16th March 1892, I have the
honour to enclose the settlement reports
for the taluks named in the margin and
to state that we were not able to secure
proper offers for the Yelandur Jagher.
A tender was given last night for Rs 25,000
including cess. viz Rs 16,000/- for government
groves and Rs 9,000/- for shops. We intend
offering the same here today and at
Mysore tomorrow, and hope to get a
better result.

Some can
begetadabucadote
Luedlupet
3 hours of us for

Some man
groves are included
which will have
the eliminated
into the tenders
insert

2. He also did not realize a fair sum
for S. Tanjagood. It is wanted in amount
by the contractors and it was not possi-
ble to beat the strong influence he has
been able to exercise over the Sogad.

This Taluk will also be re-sold here
and at Mysore. In both cases due

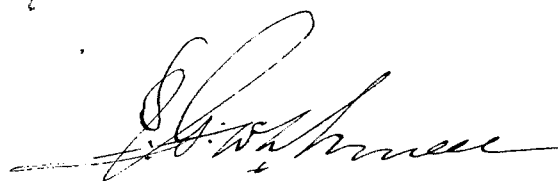

warnings

to the parties notwithstanding and at the close
of the day.

3. In view of the difference of opinion the
arises between myself and my colleagues,
as to the settlement of the Annual Salute
and respectfully solicit the advice of
Government in the matter as the question
is one of principle which affects not only
the present but future settlements of
the Additional Revenue with the Edigar. The
reports of other taluqs will be sent in as
completed. The sanction of Government
is solicited in view of the fact that there are
only a few days to enable the Edigar
to start work and make the necessary
arrangements.

I have the honour to be,
Sir

Your most obedient servant

Memorandum on the settlement
of the Toddy revenue of the
Amisur Taluk, Mysore District
for 1892-3

H. H. H.

49

Memo on the settlement of the Taddy Revenue of the Hunsur Taluk Mysore District for the year 1892-93, under the new scheme sanctioned by Government in Proceedings No: 323-33 of the 24th September 1891: —

Introduction } 1. The Taluk has an area of 632 square miles with a population of 113335 souls. It has 60 taddy shops in which 74005 gads of taddy equal to 444030 gallons were sold for Rs 69606-4. This will give one shop to every $10\frac{1}{2}$ square miles and 3 gallons valued at Rs 12-9 per head of the population.

Present System } 2. The contract for the Taluk as per margin is held by one which Muddappa for Rs 72545-10-4 which has been proportionately divided among each of the 5 taluks on the amounts they were in the 1st stage sublet as worked for. There have been 50 persons employed as Taluk

Proportionate amount approximately struck for each Taluk

Contractors, Sub Contractors, their Shi Annidars and shop-keepers. The following table gives briefly a summary of the financial results of the old system.

	Costs			Profits			Amount available for new scheme			Total value of taddy sold		
1. Government Khist	a	a	a	a	a	a	24810	a	a			
2. District Contractors	a	a	a	10830	a	a	10830	a	a			
3. Taluk Contractors	3251	12	a	6154	12	a	a	a	a			
4. Sub Contractors	13191	14	8	11181	13	4	a	a	a			
Shop-keepers	62	a	a	124	a	a	35640	a	a	69606	4	a
	16505	10	8	17460	9	4	8430	4	8			
				2			44370	4	8			
Vendors Costs for 60 shops	16505	10	8									
Vendors profits	8730	4	8				25235	15	4			

Date Decr 24. The taluk contains 109,700 date trees.
Of these 41,900 are in govern-
ment lands and contain 9,821, 7 in Indian
villages 22,336, and in Edavally lands 16,543 date
trees. It supplies 50 shops in the taluk and gets
the supply from one shop from Nedabare. There
will be assigned to each town. The surplus has
been assigned to meet the demands elsewhere
viz Chokk & Kuzhaadonankote, 2 shops &
Kozhikode, 2 shops & Malgud and 10
shops of Ancease Town which are in, can-
noted also from other places.

29547-12
44-

30262-2

proportionately struck at Rs 20870, so that the
of increase is Rs 5034-12-0. Practically
however the order of government have not
been carried out. The late Amin failed
to put in a proper Amin. The accounts
sent in were false. Mr Gullis the Baraga
had to get the accounts from other sources.
The Amin was a pensioned groomast 60 years
old. He had no experience of the work nor
any influence over the Bidgar. The result of
the tenders show that had the contract been
decided thereby the results would have
been disastrous. After all the sales were
concluded, Mr Isaac Chickamah offered
Rs 1000/- more. As government should
have obtained Rs 44,370 and it was merely
through these contractors' leading the shop-
keepers to believe that they would get the
contract back, that kept back and stifled
healthy competition and precluded govern-
ment getting its legitimate rights, he was
told that he could have all the farms for
Rs 37,000 plus Inam ground (about Rs 414). He
declined and said that he did not want
the Amstar Saluk at all and that he
would come for Heggadadevanthale and
other Saluks. He was told that if the
Excise Assistant Commissioner left the
room any further offer could not be
considered as the present hidden
injustice he informed of his offer and

afforded an opportunity to give the
higher sum or give up the farms to the
higher tenderer. He decidedly refused
to take a Saluk. The Amildar was then told
to take Amrentilias and deposits from all
the parties and they were assured by me
that Government would be asked to confirm
the farms to them. Mr. Social Engineer is of
opinion that Government have not been
able to get even what the District Contractor
has been getting, that it was not fit to the
people, because that if the Government
did not get what they should by the sale
of the farms, the taluk will be put up to
auction on the spot or thereafter subject
to the Deputy Commissioner and Revenue
Commissioner. Mr. Social Engineer further
states that Mr. D. P. ... offered the whole
Saluk to one Chickaman who offered to
pay Rs. 1000 more than the amount re-
alized in the sale. afterwards at Mr.
Social Engineer's recommendation the same
person tendered Rs. 3500/- excluding Rs. 1000
at Keggadadcanthok and would not add
any more than given in the tender. Mr.
Social Engineer wishes to get something more
for the Saluk if put up again at Mysore.
He only to add that it would defeat
the object aimed at by Government if
such contractors are allowed to come and
mistakenly sit over the widows and then
offer a trifle more and get the farms. The
District should be given confidence and
it must be made to understand that the
... .. see past and

Government want to work with the shop-keepers, directly in trade as the agents do. land.

To sum up: —

1. Bidders were invited
2. Through the influence of the Contractors agents it was found there were far below the revenue government expected. This was conclusively shown in almost every Saluk settled.
3. It was openly given out by the Contractors agents that the government's enquiry was against their interests to raise the amounts paid by them now, and that they would in the long run again get the contracts. Their turn would then come and they would pay off those who acted against them.
4. The shops were put up to open competition
5. The Revenue officer put up the figures and though Mr. Chickaman was present he was a silent spectator. He waits till the sales are closed, finds out the total amount, and offers Rs 1000/- more, which sum is not what the District Contractor gets. He was openly asked a fair sum which government could reasonably accept. He was told that his offer would have to be intimated to the

for not to show the same were.
Hence the reason is that they might
completely open the same with
him. He decided by declining and
was told the question could not
be re-opened again. He conveyed
the result has been told to take
particulars and deposits and
government sanction would be
asked and sent as soon as possible.

6. Government now get Rs 24,810 (in-
cluding cess). In open competition
Government have realised Rs 33,191/4.
- including cess
for Government and share share
excluding share share Rs 8,259/4

Though a warning was given before
the sale, Mr. Capital Engineer did not
as he did at Mandya and Malavalli
tell the farmers that he would put
in the same again elsewhere, but
left the room. They tacitly under-
stood from this and the
subsequent action of the Excise
Assistant Commissioner that
they would leave the same.

8. Having regard to the future settle-
ments and that Government will
again have the Salug Contractors
or position to contend with next
year and that it would discredit
the sales openly conducted by Govern-
ment officers and create as Mr.
Madana Rao, justly remarked

in two cases in Bangalore, distrust and want of confidence, I respectfully trust Government will reject the tender and confirm the sales. Government know that I am as anxious to get as large a sum as possible, but there are circumstances which preclude such a course and this I humbly submit is one. There is a vital principle involved. It is too late to re-collect the 45 farmers and resell the farms at the upset price now, on which Mr Sopal Dye may induce to Mr. Belichamma to offer. Mr. Sopal Dye adds that he wishes to be afforded an opportunity to personally argue the matter before the Deputy Commissioner and Government, while I solicit that the settlement as detailed in the table below may be accepted.

Toda Department

To

The Chief Secretary
to the Dewan of " " " "

Sir,

I have the honor to solicit you will kindly obtain the sanction of Government to the Settlement of Toda Revenue effected by myself and Mr. G. Paleniger for the Tirumkudam Narsipur Taluk at an early date to enable the farmers to make arrangements for the year 1892-93. The usual reports and returns for the whole District will be submitted when the Settlement for the whole District is completely effected. In the meantime a brief summary of the result is given below. The submission of these detailed reports and returns will entail ^{much} delay which cannot be spared at present as the farmers arrangements at once

Old System } 2. The Old System may be
briefly summarized as follows:—

- Sales of 80,240 Phadars realized

Rs - 61,190 - u - u

Particulars	Govt Khast	Costs	Profit	Amount available as per Govt account	Amount available as per Govt account	Remarks
Govt. Khast. District Contractor	22197 79	18918 u	20074 83	22197 79		
Salut Contractor					47640 6 u	
Shopkeepers.				- 12034 83		
Subst 10 Rupees per shop for 67 shops for 12 months.			20074 83	34,232 *		
Balance available.			8,040 u		47640 6 u	
			12,034 83			

The New System } 3. The New System is
briefly reviewed in the following paras:—

Area and Consumption } 4. The District
Narsipur Taluk contains an area of 173
square miles with a population of 83,454 souls.
It has 67 shops in which 80,240 phadars of Zadd
equivalent to 4,81,440 fallons valued at
Rs 61,190 - u - u. This will give one shop to
every $2\frac{1}{4}$ square miles and 3.5 fallons valued
at Rs 11-6 per head of the population yearly.

Date trees } 5. The number of date trees
is estimated at 15,396.

Classification of farms } 6. The farms were
classified and sold as noted below:

Kinds of farms.	No of farms	No of shops	Remarks.
A. Aiyu farm	1	2	
B. Aiyu Kamki farm	"	"	
C. Kugadi farms.	11	46.	
~~Total Shops:~~	12	48.	
Inam shops.	17	17.	
Total Groves.	39	65	

The financial results
of the New System } 7. The following
table gives the financial results of the
New Settlement

Particulars	Amount	Cpf	Total	Remarks
Govt Shops.	22419 -	1401 3 -	23,820 3 -	
Shops in Inam Village.	1752 -	109 8 -	1861 8 -	
- Total.	24,171 -	1510 - 11 -	25,681 11 -

To

The Chief Secretary to the
Government of Mysore.

Sir,

I have the honor to solicit you will kindly
obtain the sanction of Government to the Settlement
of the Tolly Revenue effected by myself and
Mr. Gopalalingam for the Yellandu Taluk at an
early date to enable the farmers to make arrangements
for the year 1892-93. The usual reports and returns
for the whole District will be submitted thro the Dy. Commr.
when the Settlement for the whole District has been
completely effected. In the meantime a brief sum-
mary of the result is given below

The submission of these detailed reports and returns
will entail delay which cannot be spared at present
as the farmers have to make arrangements at
once.

Old System. 2. The Old System may be briefly summarized as follows: The sales of $49291\frac{2}{3}$ faddas of Toddy realized is Rupees 41185-2-8.

Particulars	Rest	Cost	Profits	Amount available as per Count	Amount available as per Count
District Cont.	154749 9	21705 9 11	40045	154749 9	
				8400	47760
				200276	
Kuderi's Costs	133059 11			25877 1 3	
Shopkeepers profits	200276			15368 1 5	
Total Value of 49291 $\frac{2}{3}$ faddas				41185 2 8	

New System 3. The New System is briefly reviewed in the following paras.

Area and population. 4. The Taluk

has an area of 240 square miles with a population of 317524 souls. It has 24 shops in which $49291\frac{2}{3}$ faddas of Toddy equivalent to 295750 fallons valued at Rupees 41185-2-8 are sold. This will give one shop to 10 square miles and 7 fallons valued at Rs 1 per head of the population.

Date Trees. 5. The number of date trees is estimated at 3100

Classification of Farms. 6. The farms were classified and sold as noted below.

Kinds of farms	No of farms	No of shops	Remarks
D. Vanam farms.	5		
Drum shops.		24	The whole Taluk was sold to an
	5	24	Kruthappa of Anna Samoodra.

Financial Results } 7. The following table gives the
New System
financial results of the New Settlement.

Particulars	Amount	Cess	Total
Port & Annam	1456967	91095	15480
From shops	7905141	49411	8400
Grand Total	2247548	140414	23880

8. From the foregoing it will be seen that I estimated the amount recoverable as Rs 4776000 and the port have realized the sum of Rs 2388000 and the balance of Rs 23880 will be recovered in the ensuing year.

9. The port have realized a net sum of Rs 56/3 over the amount now realized by port as shown in the margin.

Excise Assistant Commissioner's Office
Tadzy Department.

Dated Camp Nanjangud 26th March 1892

To

The Excise Assistant Commissioner
Tadzy Department

To

The Chief Secretary
to the Government of Mysore.

Sir,

I have the honor to advise you will kindly obtain the sanction of Government to the settlement of the Tadzy Revenue effected by myself and Mr. Loppa Kierga for the Nanjangud Taluk for 1892-93 at an early date to enable the farmers to make arrangements to begin the sales on the 1st April 1892. The usual reports and returns for the whole District will be submitted when the settlement for the whole District has been completely effected. In the meantime a brief summary of the result is given below. The submission of these detailed reports and returns will entail delay which cannot be spared at present as the farmers have to make arrangements at once.

Old System 2: The old system may be briefly summarized as follows: -

Particulars	Kist	Costs	Profits	Amount available for the purpose of accounts	Unavailable for the purpose of accounts
District Contractor	19,417/3	23525	4951 26	24369	
Taluk Contractor		2444	5656		
Shopkeepers		9744 4	10,793 12		
		15713 4	16,144 12	8,224 14	
Vendors					58273 14
Vendors		8224 4	32573 14		
			23938 22		
Value of 1,07,214 Ghadas of Tadzy			56,532		

New System 3: The New system is briefly reviewed in the following paras: -

Area and Consumption 4: The Nanjangud Taluk has an area of 279 square miles with a population of 97,374 souls. It has 115 shops in which 1,07,217 ghadas of Tadzy equivalent to 6,43,302 pawns valued at Rs 56,532 are sold. This will give one shop to $2\frac{1}{4}$ square miles and $4\frac{1}{3}$ pawns valued at Rs 88 per head of population yearly.

Date trees 5: The number of date of trees in the Taluk is estimated at 4,57,485.

Classification of farms 6: The farms were classified and sold as noted below: -

Kinds of farms	No. of Farms	No. of Shops	Remarks
A. Farms	67	91	
C. Augudi	7	9	
D. Vanam farms	74	100

I have the honor to be,

Sir,

Your most obedient servant.

J. W. M. Mice
Executive Assistant Commissioner
Land Department.

P.S.

27th March 1892. Camp Nanjangud.

A tender for Rs 30,000 including cess from one Venkata aminga is enclosed. It makes a difference of Rs 863-1-0 on the above settlement which affects the rights of 74 farmers. As it would create distrust and want of confidence to throw over these farmers, I could not advise yesterday's settlement being disturbed & move to as it would prejudicially affect future settlements.

J. W. M. Mice
Executive Assistant Commissioner
Land Department.

Encl: 1

To

The Encumbrance Commissioner
in Mysore

Sir

With reference to Government Proceedings
N^o 323-33 of the 24th September 1891 I have the
honor to submit the accompanying statement
showing the result of the settlement of the Taddy
Revenue effected by Messrs McDonnell and
B. Gopalalingar in this District for the year 1892-93

2 The present revenue including local cess is
Rs. 303402-3-0 while the amount secured under
the new scheme for six Talukhs (Yelandur, Nanjangud
and T. et arapur excepted) amounts to Rs. 214170-4-0
showing an increase of Rs. 54342-9-4. This
does not include the value of shops and groves
in Nam or Jodi villages which is Rs. 12019-4-3
as will be seen from the statement.

3 The necessary deposits and securities
are being taken from the successful bidders and
a separate report will be submitted hereafter.

4 A further detailed report will be
submitted as soon as the report from the
Special Officers is received for the whole District.

285533- Amt
17847-3 Cess
303402-3

over the amount
apportioned to these
Talukhs under the
expiring contract
Rs. 159827-10-8
214170-4
54342-9-4

5 As there is hardly time for the men to make arrangements I beg that sanction to the settlement may be communicated to me by wire.

6 In the case of the Hamsur Taluk the amount now secured is Rs. 32,814-4-⁺ or Rs. 14,84-4-⁺ less than what is said to be the income of the present Contractor. There is a tender for Rs. 35,000/- for the whole Taluk. Mr. Gopalasingar says that there will be no breach of faith in accepting it as he had notified beforehand that no sale would be considered final if the amount offered by bidders for a few groups of shops fell short of the least estimate. But Mr. McDonnell thinks differently and says that the Edigars and others who have bid should be encouraged. I believe that some of these are agents in disguise of the contractors and will not be affected by the new tenders being accepted. The Government are at liberty to either accept the tender for the whole Taluk or sanction the settlement already made. In any case early orders are solicited.

7 The settlement of the Gelander, Nanjanque and T. Varsipur Taluks will be effected in a day or two and the results will be wired.

30884 April

1930-4 Cess

32,815-4

by Mr. Gopal
Chakravarti

The results of the sales in the French Rocks
Sub Division Taluks will be communicated by
the next mail.

8 As there is no time to be lost I beg the
Dewan's orders may be wired at once. If
I do not hear to the contrary before Sunday
evening I shall assume that the settlement
has been generally approved and issue
instructions for accepting the tenders forthwith
and for the contractors taking measures for
opening their shops on the 1st proximo.

I have &c

(Signed) A. Rengaswamy
Deputy Commissioner
Mysore District

To

The Excise &

Commissioner
Mysore

Sir,

With reference
Camp No. 323-33 of
have the honor to sub.
from the Excise Assistant
Department, with its
introduction of the new
Hassan District.

Government Pro:
'September 1891, I
- the Report received
Commissioner, Loddys
concerns regarding the
Loddy Scheme in the

2. The area of the District is 2603 Square
miles with a population of 5,14,952 souls.
About 2,91,753 ghadas or 17,50,518 Imperial
gallons of Loddy were sold in 209 shops for the
aggregate amount of Rs 2,28,734-11-2
during the past year. The gives one shop to
every 12.46 Square miles of territory and 3.3
gallons of Loddy valued to 7 annas 1 pie
as being the annual consumption per head.
Mr. McDonnell is of opinion that the
consumption given for Srirangapatna, Chennarayana

and Arkalgud has been greatly under estimated.
 He puts down the figure for the District at
 373,173 ghadas valued at about Rs. 310,154-11-2.

3. In para 9 of the Report Mr. McDowell
 reviews the present system and gives the results
 as follows:—

Particulars	No. of men involved	Government khist in- cluding Cess	Net profit	Costs	Total Receipts	Sum available to Govt as estimated by the latest Comptroller Staff	Sum available to Govt as estimated by the Excise and Revenue
1. Government					76,021-14-1		
2. District Contractor	1	76,021 14 -	9,388 5 -	2,130 -	11,518-5-		
3. Sub Contractors	40	11,902 2 1	13,603 4 3	25,505 6 4		128,520 2-3	173,530 6-11
4. Shikmidars	5	3,207 12 -	2,964 - -	6,171 12 -			
5. Shopkeepers	113		61,270 4 3	48,247 1	7,109-517-		
Total	159	76,021-14-	85,768-7-4	66,944-5-10	228,734	128,520 2-3	173,530 6-11

4. In para 12 of the Report, Mr. McDowell gives
 a resume of the Results of the new Settlement
 as follows:—

Particulars	No. of Houses	No. of Shops	Amount	Cess	Total
(a) Govt shops in Government villages	106	204	1,00,645 - -	6290-5 -	1,06,935-5 -
(b) Govt shops in Suam villages	6	6	1872 - -	117 - -	1989 - -
Total			1,02,517 - -	6407-5 -	1,08,924-5 -
(c) Sale of Suam groves	23	-	615 - -	38-7 -	643-7 -
Grand total			1,03,132 - -	6445-12 -	1,09,577-12 -
Amount available as estimated by the Excise and Revenue Commissioner	135	210	.	.	1,73,530 6 11
Balance to be recorded in ensuing years -			.	.	63,952 10 11

* Sale proceeds of shops in the District excluding Inaugirabad Saluk shops	102,517-2-2
Less amount of cess paid by the Contractor to Government for the District excepting the Inaugirabad Saluk	69,098-0-0
Net increase	33,419-2-2

5. From the foregoing it will be seen that the new settlement gives a net increase (under shops) of Rupees 33,419-2-2, exclusive of cess and that the sum of Rupees 63,952-10-11 is the balance which will be recovered in future years.
6. The above figures do not include the sale proceeds of groves in Inam villages.
7. No settlement has been made for the Inaugirabad taluk for reasons given in para 10 of the Assistant Commissioner's Report. A separate Report is promised which will be submitted on receipt.
8. The shops and groves in Inam Holdings have been separately sold and independent of each other. Their disposal will not affect the rights of this Settlement in any way. If the Inamholders have any claims to Toddy Revenue they have been directed by me to produce the authority therefor which, on receipt, will be submitted for orders.
9. In the meantime I have told them that I will compare the Toddy Settlement now effected and if they have any valid objections to urge against the Contractors taking action thereon to do so within 10 days.

and the matter will be disposed of under condition 5 of the Contractors' agreement. After that period the question will not be reopened during 1892-93.

10. I have directed the Amildars of Hassan, Harsipur and Arkalgud to submit proposals for farming Date groves in their respective Taluks through the Excise Assistant Commr. Pending the submission of detailed proposals, I beg that a sum of Rupees 2000 may be placed at my disposal for this purpose.

11. This Settlement does not include Bagani Toddy.

12. Both the Special officers have done well and their services deserve special recognition.

13. I beg that the sanction of Government may be obtained to this Settlement by wiregram as especially in the Taluks of Hassan, Arkalgud &c, the farms have to be worked in Anani, and time is of great consequence to the Contractors who will otherwise suffer loss.

I have &c

Case upon communication

Toddy Department.

Dated ~~Thur~~ 29th February 1892.

Dropt. Bangalore 7th March.

To Enclosure to 2 - 18
17 - 23

The Deputy Commissioner,
Hassan District.

Sir,

Adverting to para 8 of the Proceedings of Government Camp No 323-33 dated 24th September 1891. I have the honor to submit the following report on the settlement effected of the Toddy Revenue of the Hassan District for the year 1892-93.

2. Statements marked A I to IV are enclosed giving full particulars in detail of the present "Extent and Condition of each farm and its money value".

3. Other statements marked B I to IV are also enclosed giving full particulars as to how the "New System" has been effected with the aggregate results for the whole of the farms of each Taluk as required by Government. A list marked I showing the tenders is also enclosed.

4. Two abstract Statements marked C and D giving the foregoing details arranged Talukwar Districtwar are enclosed for ready reference. In the following paras I give a summarized report of all the returns for the whole of the District.

Date trees 5. The District is reported to possess 13,99,383 date trees the bulk of which lie in the Taluks of Srirangapatna

* Will follow.

J. B. W. S.
4th Feb.

* Will follow.

... bitter complaints were made that trees were being destroyed by over-topping and the tapping of immature trees, and also by the removal of date leaves by mat, rope and basket makers and for agricultural purposes. It is also apprehended that lands having date trees are given out for cultivation and that applications therefor are pending disposal. There are doubtless good reasons to encourage the extension of cultivation but the removal of trees in a tract, for instance, where date trees are scarce even with so laudable an object should be carefully considered, ere acceded to among other points, on the settlement of the vital question of Toddy & Land Revenue. It would be preferable to retain what we have than to plant at great expense groves to meet our wants. The groves should be taken as a "whole" block, and conserved and extended. The surplus land around such well defined block alone should be given out for cultivation. No application for a single survey number should be disposed of without reference to the survey numbers which surround the grove or groves, and the death of trees in the vicinity should have full weight. I do not wish to unduly interfere in revenue work but I respectfully submit that I think it would be to the advantage of Government to consult the Toddy Department in every such case ere applications for lands are finally disposed of. I am preparing survey village maps giving the position of groves and the number of trees in each number. When this is completed for the whole District the question to be considered will then be only one of Rupees, annas and piers, Toddy Revenue & Land Revenue. If Toddy from a grove or group of groves

3
is sold for Rs 1000/- and Government get 500 or 600
Rupees with prospects of enhancement by its being
commuted into a tree tax while 50 or 100 rupees
will be secured from land Revenue, it is quite
clear how the decision will lie. But it is just
here that the village and Taluk officials mis-
represent matters and mislead the Deputy Com-
missioners as to the number of trees in and
the value of the grove. Its surroundings are
not taken into account at all. In both Chamra-
raipatna and Arsihere Taluk, proof of this can
be adduced. I brought to the Dewan's notice cases
of destruction ^{of date trees} with sketches illustrating the
methods adopted to effect it and the inevitable results
attending the same. The action taken by mat-makers,
rope-makers &c was also explained. Government
have since authorized the retention of the Special
Staff till 31st March 1892 to aid the Revenue Department
in enforcing the rules as regards tapping date leaves under
Notification No 35 Dated 10th May 1889. To do so
practically as regards tapping immature trees
and premature retapping, the record in each case
will have to be submitted to the Deputy Commissioner
for orders, and then the Contractor alone can be
punished - not the real culprits. The new rules
when sanctioned will enforce the penalty against
the servant or other guilty party who will be given
a license to tap trees and cut leaves therefor. The
new & sensitive Staff will enforce the rules particularly
on these two heads.

Shops } 6. The number is set down at 209 of
which 29 are vacant, mostly for want of food &c

4
but a few have been taken up by the Sub. Shikmidars and purposely kept vacant to prevent others from taking them up and thus affecting the sales of other better paying shops in the vicinity.

Rates } The following table affords a comparison of the rates fixed by the Government for the sale of Toddy and those levied by Shopkeepers.

Places	Rate fixed by Govt.		Rate at which a deer is actually sold	Increase	Decrease	Remarks.
	Max.	Min.				
In the town of Hapau	1	10				See Remarks
In Kasbas of other Talukhs	1	6				
In Villages	6	4				

It is of primary importance that the rates fixed by Government should be strictly adhered to, which I do not believe to be the case now, and the new Toddy Staff has been directed to enforce the license rules on this point. It may, however, be here stated that in the case of "Angadi Tannu" say like Manjarabad whither Toddy is taken from the Ansi Kere Taluk at great expense one uniform rate for town and rural tracts should prevail as the "Cost" would bring out better results. In the case of Hapau town, some of the village shops are kept shut as the town sales are effective. This was the case as regards spirits, ^{generally} and equally applies to Toddy shops. In particular cases we have fixed and equalized the rate in the Mutchale. A rule must be framed to suit the circumstances of each case.

Consumption } 8. The Consumption is estimated at 2,91,753 head as valued at Rupees 2,28,734-11-2. A large quantity of Toddy is sold in various en-route to shops

13.

were separately put up to open competition with the results recorded. I am not quite sure if the list of Groves is quite complete. This was done as far as data could be gathered and there were offers for such groves. It will be necessary for the Deputy Commissioner to give the Amildars notice of the amount offered for groves and give them time to accept or reject the sale. The Deputy Commissioner can then pass orders finally in the matter as laid down in Condition 5 of the Contractor's agreement. No complaints should under any circumstances be heard after 31st March 1892.

Schedule } 16. In almost every instance the Amildars have exceeded the money value allotted to the Taluk by Government. The scale was very liberal and quite enough to achieve the work cut out for the men needed therefor. This entailed much trouble and endless correspondence. As Government did not restrict the Amildars to the number but only to the amount, they were directed to divide the latter among the former and the bills were revised and passed accordingly. On the other hand Government directed "that in the appointment of Vansamtsaddis, Amins and their Mutsaddis, care should be taken to select active intelligent, local men and as far as possible such as have had experience of the Lorry trade in employments under Government Contractors or their Shikmidars." This duty was delegated to me by Government, but the Deputy Commissioners of the two districts in which the scheme was first started were of opinion that this very responsible work should be left exclusively in the power of Amildars and the other Deputy Commissioners concurred in the same view at the District meetings.

The consequence has been that the lines indicated by Government as regards "local" men, and men in the trade being selected were in the majority of cases set aside. Bonaidwars, Gollars, Revenue Daffars, Shekdwars, relatives, friends and hangers on at the Taluk offices were thrust in to give effect to the New Scheme. They had no practical knowledge of the business and were quite ignorant of all the tricks the Shopkeepers, Edgars and others were up to. But above all they had no influence over the men nor had they the means of readily acquiring the information sought by Government for the New Scheme and keeping the Amils informed of all that was going on anti-sonistic to its interests and putting them in the way of overcoming the same. In such cases where the Contractor's men were put in the Amils trusted implicitly to and were led by them. Most of the Amils did not take any steps to verify and satisfy themselves of what was necessarily required to successfully carry out the new Scheme. Had it not been for the exceptional action taken as indicated in para 12 of this report the results would have been disastrous. As it was the thanks of Government are due to the patience and unremitting trouble Mr. Gopalicaudar devoted to explain the whole scheme to the very few persons whom the New Agency and the Taluk officials collected to bid for the farms and to the persuasion and tact he displayed in inducing the men to throw over their masters and take up farms themselves. In almost every case the men required and whom I especially asked should have been got to appear were non-est. In many cases a crowd was collected who were mere spectators.

15
but non bidders. Neither in the letter nor in the spirit
were the orders issued given practical effect to. In
several cases the success of the results secured was
due to the presence of outsiders and not at all to
local competition which was in most cases entirely
absent. It will thus be seen that so far as the Taluk
village and Taluk Special agency employed the financial
results secured were not due to the tenders they secured
but to the efforts made at the time of sale to get the
best sum possible for Government in the face of the
great obstacles to be surmounted.

17. Government have recently sanctioned
the retention of the staff needed by me till the
31st March 1892. I am now preparing a list of
men needed. I intend to select local men in
preference to those residing elsewhere as Vana mutsaddis
and some Excise officers of the Arack Branch
as Amis where existing men failed to give satisfaction.
This I have already done for Channarayana and
Arackere with the Deputy Commissioner's sanction
by putting in as Amis on Rs 15 + 10 = 25 two old
and tried men of the late Arack Department
who were drawing Rs 7 + 3 = 10 in the Arack Branch
as Excise officers. It will also enable local
men put in as Vana mutsaddis to discharge
their duties with more satisfaction than if
their residence were at the Taluk Kasta or away
from the seat of their work as was the case with
the majority of appointments made by the Amildars.
I entreat that you will as desired by Government
give me all the help required in the selection of
proper men for these appointments and compel
the Amildars to give effect to the orders sent

6
them by me on this point as required by Government.

Plantations of 18. In conclusion I solicit that Government may be moved to place the sum of Rs 5000 at my disposal to start plantations and that the Amildars may kindly be directed to aid me in acquiring groves and lands around such groves or in suitable localities especially in the vicinity of large towns and in the centre of groups of shops to extend or start new plantations. Separate reports for each Taluk will be sent in and an estimate of the money needed for this purpose by the end of April, and if funds are forthcoming before the next monsoon sets in the required seed which I have given directions to collect will be sown. The money so spent will be repaid 5 Cent per Cent in from 8 to 10 years hence by enhancement of the Saddy Revenue. But above all it will be the means of giving to the people food, pure and fresh Saddy to drink in lieu of the vile and intoxicating stuff imported from very long distance & vend in the Saddy Shops of Taluks which have no groves.

19. I solicit that this report and the returns may be kindly sent on to Government for early orders being passed so that the farmers may be enabled to take timely action in the matter, and sanction asked to be ~~accorded~~ ^{accorded} by Wg.

20. A list marked F showing the particulars of the Skatekali Kasta has been enclosed for reference. Cash index of personal security will be taken in conformity with the orders passed by Government on the 16th February 1892, Proceedings No 13,153-64
Cir 202.

I have the honor to be,
Sir,

Your most obedient servant
J. W. M. M. M.
Assistant Commissioner
Saddy Department.

5
and at unauthorized places or without a license.

The quantity given is therefore ^{in fact} very much under-estimated especially in the ^{Arakere} ^{Chandrapur} ^{Taluk} where it should be double the present estimate. Experience shows that "Angadifarems"

pay better than "Aiyangarems" as, though more money is expended for Laddi conveyed to the one, yet it is sold there, while in the other much Laddi money goes into the Tapanis pockets and not into those of the licensed shopkeepers.

The Laddi at the Vainams is also sold at abnormally low rates and in the majority of cases for grain and not for cash. This touches two very vital points of the Excise Administration.

Financial Review } 9. The exclusive right of
of the RD System } vending Laddi has been

to Messrs Jampawana Kariyanna, ^{Narasimma} and son for

Rs 76,021-14-0 including cap. There are

about 200 persons employed in four stages,

as the District Contractor, his sub-contractors, and as Shopkeepers. Full details of the receipts,

costs, and profits, of each of the four stages

are given in the ⁶ Statements enclosed marked

A I to IV and the following table gives

briefly the total amounts involved under each head and the amount available

for the purposes of the New Scheme is Rs 1,28,520-2-3.

The New System } 10. In accordance with the orders of Government a special staff was entertained to carefully investigate how the shops in each of the stages adverted to above were farmed out, to whom and for what money value. These and other details were recorded in the Registers furnished to each officer for this purpose, embodied in the returns enclosed, and reviewed in the foregoing paras. Forms of tenders with the conditions prescribed for the several classes of farms were circulated broadcast all over the District through the village, Taluk and Special Toddy Staff. The date of arrival of the Excise Assistant Commissioner and the Special Revenue officer at each Taluk head-quarters for the disposal of tenders was similarly notified. So far every endeavour was made to give full effect to the intentions ^{and orders} of Government.

But it was brought to notice that the middlemen
and Contractors themselves were at work to
frustrate the object aimed at by Government
which is to get rid of the whole lot of inter-
mediaries bodily. It was thus a case of life
and death to them. The Amildars were
therefore specially informed of this move
and directed, irrespective of the tenders
received, to collect all the Shopkeepers,
Edgars and others directly interested
and actually working in the Laddy line
or willing to take up shops, to come on the dates
fixed to the Kasha, as it was feared the tenders
would prove of doubtful value as they eventually
did. As Government directed that "the
"amounts which the present farmers pay
"the Contractor or his Shikmidars or sub-
"Shikmidars, as the case may be, must be
"regarded as the figure below which the farmers
"must not be let" the tenders were therefore
at the outset kept on one side unopened.
The New System was first explained to the
tenderers and the very few others actually
interested who were present, and the numbers
and names of shops and villages attached
to each farm were read out to all and the
wishes of those present as to the allocations

8
made ascertained, their doubts set at rest, and
they were asked to state what they valued
each farm at. I may here state that in
many cases quite a crowd was collected
by the Amildars but the real parties
could be counted on one's digits. This is going
off just neither in the letter nor the spirit,
of the orders I sent them. The first bids were
noted and the highest recorded (Vice Statements
marked B I to III.) The tenders were then
opened, analysed and the values as far as
possible compared with the first bids and the
amounts recorded. The sales were then
resumed and the next highest bids for
individual or groups of farms noted. More
tenders found in any way more favorable than
the first bids were put up to competition
at the second bids. In the case of the Asikere
Saluk the Amildar utterly failed to rise
to, and grasp the situation. There was no
competition deserving the name. The real
men needed were non-exst. A packed clique
occupied the platform in front and held to
the amounts they wished to give. The first
bids at this sale brought Rs 14,736-4-0. The tenders
were then opened and valued, and at the second
sale only Rs 15,129-0-0 were offered. The work
was closed, as the amount was below the sum the Department expected to get from the farmers.
The Amil was directed to collect
all the shopkeepers and others in the trade

9

to secure healthy Competition and the Conduct
of the Amildar was personally reported to
the Deputy Commissioner, who was in camp.
and came to the room to see how matters
progressed. . . . The second sale was held
on the 29th January 1892 and the first
bids brought out Rs 17136-0-0 and the
second, Rs 17749- . . . The value of the Salak
has been underestimated. It is capable of
yielding a much ~~larger~~ revenue but
needs to be specially dealt with. In this and in
cases of failures ^{elsewhere}, a good deal depends on who the
amildar is. For Vanam farm Salaks like
Aratikere, Kadar, Phannagiri &c. the right
men were certainly not in the right place. The
result of the visit to Manjarabad was utter
failure ^{due} on the part of the amildar to
secure either reasonable tenders or men to come
and bid for the Contract. It appears to have
persuaded the present sub-contractor to give
a tender for Rs 1,900 for a farm now yielding
Rs 2,605-4-36 Government and to have rested
satisfied with promises made by some parties
to come and bid on the date of sale fixed instead
of securing the same practically by getting
them to fill in the tender forms. The tender presented
was summarily rejected. In other Salak tenders
were secured for Rs 1750 including ceps for the

 who was asked to aid } get the ^{the shops of} Balga Contractor
 this matter } to take Laklaspur and
 Subhavarasanti for which certainly as much
 if not a great deal more ^{than the amount now obtained viz Rs 1700} can be obtained.
 There are besides these shops three more. The
 amildar of Manjaraed appears to have done
 nothing in this aspect either before or after our
 visit to the place to give effect to the orders of
 Government. A separate report will follow
 for this Taluk shortly when the settlement has
 been finally effected

Description of Farms. } 11. The following
 table gives numerical and classified list of
 farms with number of shops attached thereto
 for the whole District.

Description of Farms	No of Farms	No of shops attached to	Remarks.
1 Aiyam Farms	75	137	
2 Aiyam Kunkhi	"	"	
3 Angadi	31	67	
4 Vanam	"	"	
Total	106	204	
5 Gout Shops in Inam Villages	"	6	
6 Inam Groves -	23	"	
Grand Total	129	210	

Financial Results } 12. The first bid brought out
of the New Scheme } the value of the farms at
 Rs 91,611-4-0 including cap.
 The tenders could only be approximately computed
 as (1) Inam groves were mixed up with some;
 2) the best or a greater number of Kharanis than
 were actually required inserted in the tenders
 to keep others out or for other causes; (3) the
 Classification prescribed by the Taluk authorities
 was not followed by the tenderers, but the
 Chops in different farms were included, or
 one here and one there just to confuse the
 authorities and preclude or hamper the settlement.
 (4) One and all the tenders showed that the
 middlemen and their agents had the drawing
 up of the same to suit their own interests.

The second bids brought out a sum of Rs 1,00,225
 exclusive of cap. The result of the final bids is
 tabulated below and aggregated for Government
 Chops Rs 1,02,517 including cap and the result
 of the settlement of the Mangarabad Taluk (vide
 para 10), and the grand total is - - Rs 1,09,577-12-0.

Particulars	Amount	Ces	Total
(a) Govt. Shops in Government Villages	100,645	5	10,6935
(b) Govt. Shops in Inam Villages	1872	117	1989
Total	102,517	5	10,8924
(c) Sale of Inam Groves	615	38	6437
Grand Total	103,132	12	1,09,577
Amount available as per Table given at foot of para 9 of this Report			1,173,530
Balance to be recovered in future			63,452

13. The following table gives the Loddy Revenue of the previous eighteen years contrasted with the results recorded in the foregoing paras. It will be seen that though Government have got a small increase yet they have not got what they are legitimately entitled to. The causes have been stated elsewhere in the Saluk. The fluctuation in previous years it is stated is ^{partially} due to territorial changes.

Periods	No of Years	Yearly Amount	Periods	No of Years	Yearly Revenue
1874-75	1	38,050.2	1892-93	1	1,02,571-
1875-76 to 1878-79	4	58,894.49	Including cess		
1879-80 to 1880-81	2	40,000	Excluding man		
1881-82	1	52,000	Gins		
1882-83 to 1885-86	district abolished				
1886-87	1	47,100			
1887-88 to 1889-90	3	45,000			
1890-91 to 1891-92	2	41,550			

Percentages of Consumption } 14. I may here add
on area and population. } that the area of the District being put down at 2603 square miles, the population at 5,14,952, the Consumption at 17,50,520 $\frac{1}{2}$ Imperial falcuns, the number of shops at 210, this would give one Loddy shop for every 12.4 square miles with a consumption per head of 3.3 falcuns valued at Rs 1-7-1 annually

Inam } 15. The Saluk Registers do not show whether the Inamdars are entitled to Loddy Revenue or not. This can be ascertained only by a reference to the Samads granted. Government will have to pass orders for the final settlement of all such claims by the payment of cash or otherwise as may be decided on hereafter. The Groves were -
